Vehicle Related: NB! Fuel: New tyres for our Toyota Hilux Bush Vehicle, Gearbox repair for Toyota Hilux Single cab Work-truck. Branding for Single Cab Toyota Work-truck; Tyres for 2 x 4x4's (Hilux) and one Single Cab Hilux 2 x 4, Pilot Wheel for Trailer. Standard Service for 2 x Work Vehicles – 2 x Toyota; Powerbrake System for Field/Rescue Vehicle. We need an Additional Work Truck – Land Cruiser/ Hilux 4x4 or similar.

Property Related: We have sourced the ideal property where we can set up a rescue and rehab center for Wildlife, but if the repairs are not done, we cannot take over. Upgrades need to be done to the existing infrastructure – an upgrade audit will be done ASAP, and we'll list all the requirements. We would need to move to off-grid for independent power supply. We'd need sponsorship of rent and utilities – on an ongoing basis. Sponsorship of Insurance fees. Sponsorship of cages and enclosures, setting up and outfitting on-site Wildlife Clinic. (Please contact us to discuss if you're interested in helping to make this happen.) We are also still open to legacy donations of property, to set up the facility.

Staff Related: Sponsorship of Medical Aid, and Salaries of two staff members, sponsorship of Cleaning and Maintenance Labour once every two weeks.

‘THE FUTURE OF WILDLIFE IS IN OUR HANDS’
